Hello Friends of Sailing Heals!

This newsletter features "postcards" from beautiful healing sails hosted in **Manchester, MA, Larchmont, NY, Annapolis, MD** and **San Francisco, CA!**

We are very grateful to everyone who is contributing to our **Year-End fundraising campaign**. This year, we decided as a board that we'd forego a Fall fundraising event on the North Shore of Boston (to give a little breather to many of our long-time, loyal donors & volunteers there!) however, we really need and appreciate donations from all corners of the country—in any amount—as we still must make up the funding that would have been gained by a significant fundraiser this fall.

Thank you for helping us raise the thermometer and keep the Sailing Heals mission alive for another year! Please tell a friend or a business about us too!

Wishing you good health as we enter the holiday season,

**San Francisco was one of several sails where we were joined by our friends from our sponsor Eisai, Inc.**

## **Sailing Heals VVIP Irish Gallagher**

We were delighted that Irish Gallagher, the mother of Sailing Heals' co-founders Michele Gallagher Glesinger and Trisha Gallagher Boisvert, could join us for her first Sailing Heals experience at the Nurses' Appreciation Sail in September! Irish, a 13-year multiple myeloma patient, has been a great supporter of Sailing Heals, even as a resident of the heartland in Omaha. It was a thrill and a long-time goal to have her healthy enough to attend. We were delighted that her great friend, who is also a nursing professional and VIP could attend as well. Cheers to Irish and all of the VIP fighters out there who inspire us every day!

**Photographers Corrine Stagen, Chelsea Bradway, Cory Silken, Larry Prentice, Hot Pineapple Productions and Lydia Tavares generously contributed to photos from the year.**
