5 Winchester Street  
Bradford, MA 01835

Dear Ms. Boisvert,

I would like to thank you for Sailing Heals' donation of meals to support the staff at Mass General's Chelsea Healthcare Center.

The COVID-19 pandemic has brought upon challenging times for our world and our country, with specific challenges affecting our communities. In Chelsea, our staff and physicians have stepped up to meet the growing need for assistance from the community. From food resources to interpreter services, I have been inspired by the eagerness to do whatever we can to help those in need.

Thanks to your kind donation, our team at MGH Chelsea not only enjoyed a great meal but also received a morale boost knowing that the community continues to rally behind them.

On behalf of everyone at MGH Chelsea and all those who benefitted from your gift, thank you.

With great appreciation,

Joan Quinlan, MPA  
Vice President for Community Health
